Intent

CAPITATION is developed to assist the Longevity Health Plan® team in calculating capitations for facilities to ease the process of auto-payment cycles, manual adjustments, and invoice generation.

This document provides a step-by-step procedure in real-time creation and calculation of capitation plans within **CAPITATION** application.

Getting Started

Overview

Capitation application is developed to provide a payment system to pay capitations to Skilled Nursing Facilities (SNFs). It helps in creation of capitation cycles for patients who are getting treated under facilities. The rate of capitation can be set for average expected health care utilization of that patient, for patients generally varying by age and health status.

The **Capitation** web-application is an internal application of Longevity Health Plan which features a wide range of functionalities that helps in creation of capitation plan for a facility, calculate the monthly adjustments, generate invoices and in making batch payments.

The Capitation web-application performs the below processes:

- Capitation Master
- Facility Capitation
- Calculate Capitation
- Payment History
- Batch Capitation
- Batch History.

User groups and their assigned roles

	Display Name	Object Type	Role assigned
☐	CG Capitation Global Admin	Group	Capitation Global Admin
☐	CP Capitation Power User	Group	Capitation Power User
☐	CF Capitation Financial Approver	Group	Capitation Financial Approver
☐	CU Capitation User	Group	Capitation User
☐	CR Capitation Report Viewer	Group	Capitation Report Viewer

User activity of each role

- **Capitation Global Admin** - Global Administrator with full access
- **Capitation Power User** - Able to do capitation configurations and can see the calculation history.
- **Capitation Financial Approver** - Can view and approve the capitation calculation/invoice.
- **Capitation User** - Can run the calculation for facility or batch.
- **Capitation Report Viewer** - Can see the calculation history.

Login

Only Longevity Health Plan® users can directly access to the **Capitation** web-application from below URL using SSO login:

<https://www.capitation.lhpmso.com>

Contact **IT Help Desk** for any login issues.

Capitation Master

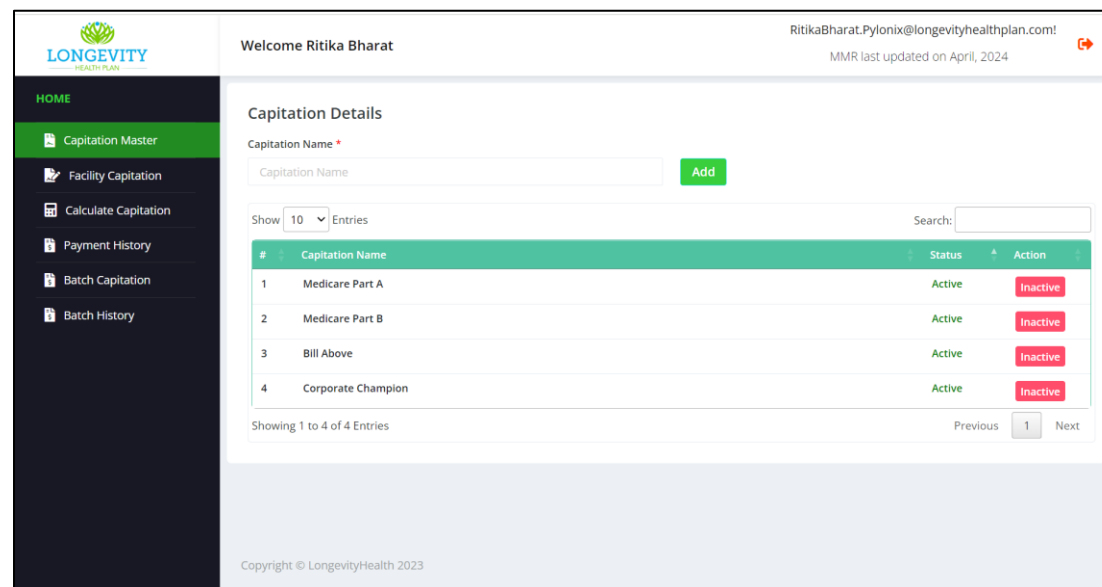

Capitation Master module helps the user in management of Capitation Plans such as Add new Capitation plan and Inactive existing Capitation plans.

Add a New Capitation Plan

New Capitation Plans are added with a unique Capitation Name to assign a facility and make valid capitation payments.

1. Go to **Capitation Master**.
2. Type **Capitation Name** in the field.
3. Click **Add**.

Result: New Capitation will be added to the list.

The screenshot displays the 'Capitation Master' interface. On the left is a dark sidebar with a 'HOME' link and a list of menu items: 'Capitation Master' (highlighted), 'Facility Capitation', 'Calculate Capitation', 'Payment History', 'Batch Capitation', and 'Batch History'. The main content area has a header with the Longevity Health Plan logo, a welcome message for 'Ritika Bharat', and the user's email 'RitikaBharat.Pylonix@longevityhealthplan.com!'. Below the header, the 'Capitation Details' section includes a form with a 'Capitation Name' input field and an 'Add' button. A table below the form lists existing capitation plans with columns for '#', 'Capitation Name', 'Status', and 'Action'. The table contains four entries, all with 'Active' status and an 'Inactive' button in the 'Action' column. At the bottom of the table, it says 'Showing 1 to 4 of 4 Entries' and includes 'Previous' and 'Next' navigation links. The footer of the interface shows 'Copyright © LongevityHealth 2023'.

#	Capitation Name	Status	Action
1	Medicare Part A	Active	Inactive
2	Medicare Part B	Active	Inactive
3	Bill Above	Active	Inactive
4	Corporate Champion	Active	Inactive

Figure 1. Create Capitation Plan

Make an existing Capitation Plan Inactive

Whenever an existing Capitation Plan is no longer requires payments, user can make the Capitation Name inactive.

1. Go to **Capitation Master**.
2. Search for the desired **Capitation Name** to make inactive.
3. If the Status column of the **Capitation Name** is **Active**, click on **Inactive** under **Action**.
4. Click **Add**.

Result: Capitation Name will be made inactive.

The screenshot shows the 'Capitation Master' interface. On the left is a dark sidebar with the 'LONGEVITY HEALTH PLAN' logo and a menu with options: HOME, Capitation Master (highlighted), Facility Capitation, Calculate Capitation, Payment History, Batch Capitation, and Batch History. The main content area is titled 'Capitation Details' and includes a 'Welcome Ritika Bharat' message. Below this is a search bar with 'Medicare Plan' entered and an 'Add' button. A table displays four entries, all with 'Active' status and an 'Inactive' button in the 'Action' column. The table has columns for '#', 'Capitation Name', 'Status', and 'Action'. At the bottom, it shows 'Showing 1 to 4 of 4 Entries' and pagination controls for 'Previous', '1', and 'Next'.

#	Capitation Name	Status	Action
1	Medicare Part A	Active	Inactive
2	Medicare Part B	Active	Inactive
3	Bill Above	Active	Inactive
4	Corporate Champion	Active	Inactive

Figure 2. Inactive a Capitation Olan

Facility Capitation

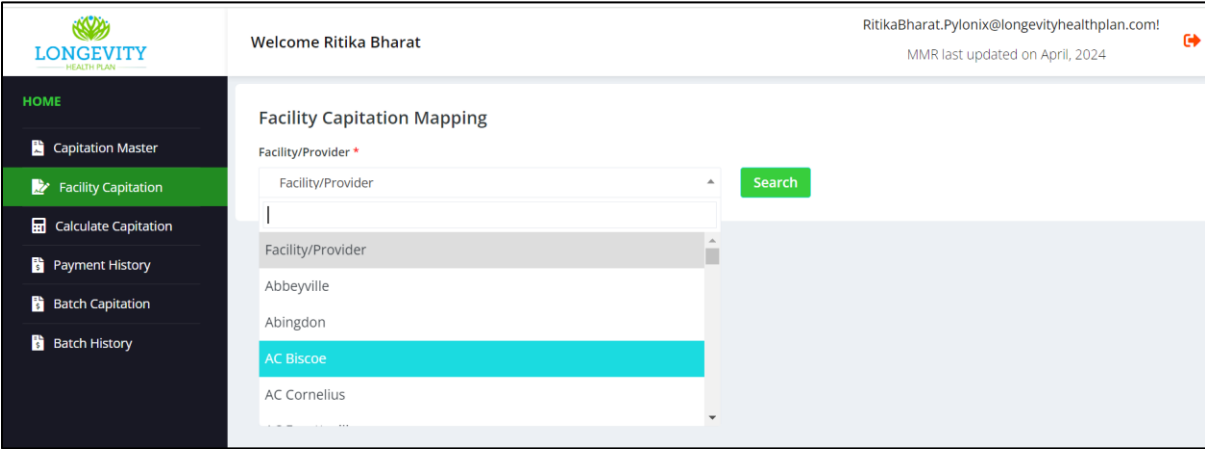

Facility Capitation allows the users to map facilities to a Capitation Plan and set capitation rate for specific duration.

User can also change the rates of capitation whenever needed to the Capitation mapped to a facility.

Map a Capitation Name to a Facility and Set Rate

User must map a facility with a unique Capitation Name and set rates and duration to ensure a valid amount of capitation is calculated to the patients under that Capitation Name for set duration.

1. Go to **Facility Capitation**.
2. Select the desired **Facility/Provider** from the dropdown menu.

The screenshot shows the 'Facility Capitation Mapping' page. On the left is a dark sidebar with the 'LONGEVITY HEALTH PLAN' logo and a menu including 'HOME', 'Capitation Master', 'Facility Capitation' (highlighted), 'Calculate Capitation', 'Payment History', 'Batch Capitation', and 'Batch History'. The main content area has a header with 'Welcome Ritika Bharat' and 'RitikaBharat.Pylonix@longevityhealthplan.com!'. Below this is the 'Facility Capitation Mapping' section, which features a 'Facility/Provider' dropdown menu with a search icon. The dropdown is open, showing a list of options: 'Abbeyville', 'Abingdon', 'AC Biscoe' (highlighted in blue), and 'AC Cornelius'. A green 'Search' button is located to the right of the dropdown.

Figure 3. Facility Capitation Mapping

3. Click **Search**.

4. Select **Capitation** from the dropdown menu.
5. Enter desired **Rate** of capitation plan.
6. Select **Start Date**.
7. Select **End Date**.
8. Click **Add**.

Figure 4. Map Facility and Set New Rate for Capitation

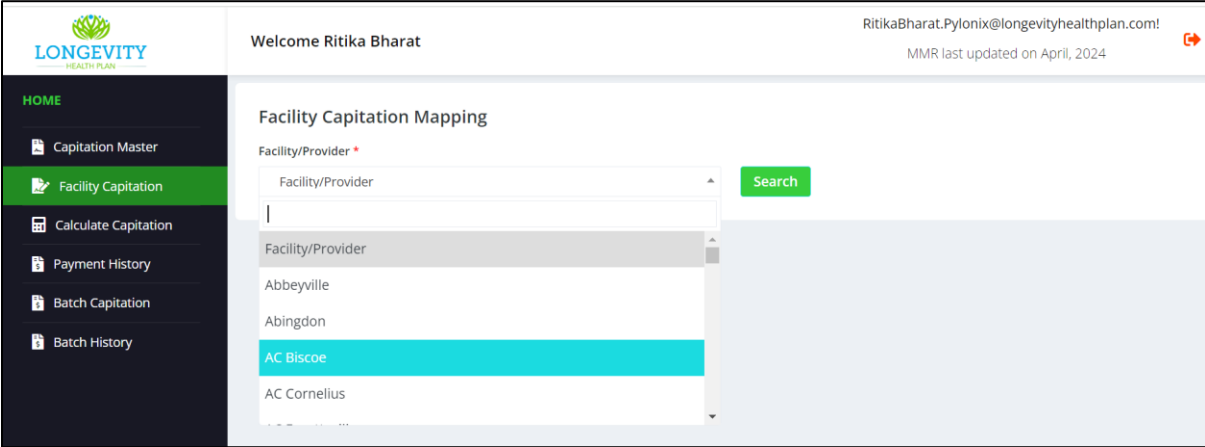

Result: Capitation Name will be mapped to a Facility Name with a set rate and duration.

Change Capitation Rate

Whenever there is a need to change the existing capitation rate, user must make the existing capitation (with previous rate) inactive with a specific End date (of previous rate) to stop the continuation of calculation of capitation and then create a new capitation rate with the similar Capitation Name with changes rates and Start Date.

1. Go to **Facility Capitation**.
2. Select the desired **Facility/Provider** from the dropdown menu.

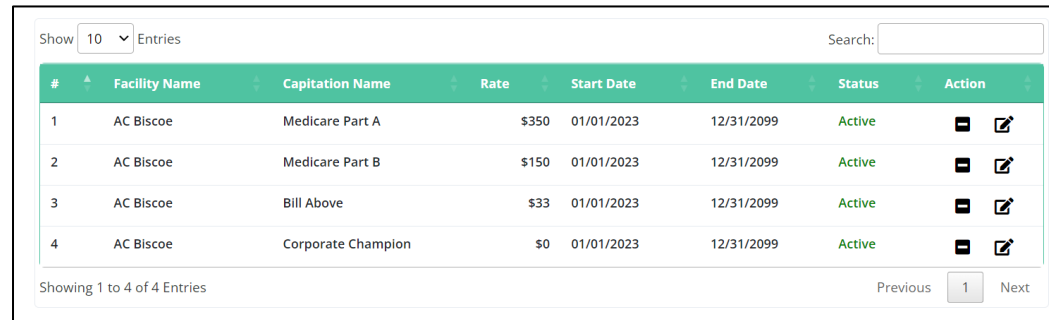

The screenshot shows the 'Facility Capitation Mapping' page in the Longevity Health Plan system. The left sidebar contains a navigation menu with options: HOME, Capitation Master, Facility Capitation (highlighted), Calculate Capitation, Payment History, Batch Capitation, and Batch History. The main content area displays a 'Facility/Provider' dropdown menu with a search button. The dropdown list is open, showing options: Abbeyville, Abingdon, AC Biscoe (highlighted), and AC Cornelius. The top of the page shows a welcome message for Ritika Bharat and the email address RitikaBharat.Pylonix@longevityhealthplan.com!

Figure 5. Select Facility - Change Capitation Rate

3. Click **Search**.

4. On the **Capitation Name** from the list which needs rate change, perform below steps:

#	Facility Name	Capitation Name	Rate	Start Date	End Date	Status	Action
1	AC Biscoe	Medicare Part A	\$350	01/01/2023	12/31/2099	Active	 
2	AC Biscoe	Medicare Part B	\$150	01/01/2023	12/31/2099	Active	 
3	AC Biscoe	Bill Above	\$33	01/01/2023	12/31/2099	Active	 
4	AC Biscoe	Corporate Champion	\$0	01/01/2023	12/31/2099	Active	 

Figure 6. Change Capitation Rate

Step 1 (Update End Date of existing Rate):

- Click on  under **Action**.
- Select the **End Date** of existing capitation rate.
- Click **Update Calculation**.

Step 2 (Make existing Capitation Plan Inactive):

- Click on  under **Action** to make the capitation plan inactive.
- Click **Continue** on the popup window.

Step 3 (Map the same Capitation Name with changed rate and duration):

- Select **Capitation** (existing) from the dropdown menu.
- Enter desired **Rate** of capitation plan.
- Select **Start Date**.
- Select **End Date**.
- Click **Add**.

Result: Capitation rate will be changed with effective from set Start Date.

Calculate Capitation

Calculate Capitation module eases the calculation of all the capitation amounts under the selected facility. It is mandatory to View Patients list of capitation plans to calculate the capitation.

Calculate a Capitation

Step 1: Select Month and Year

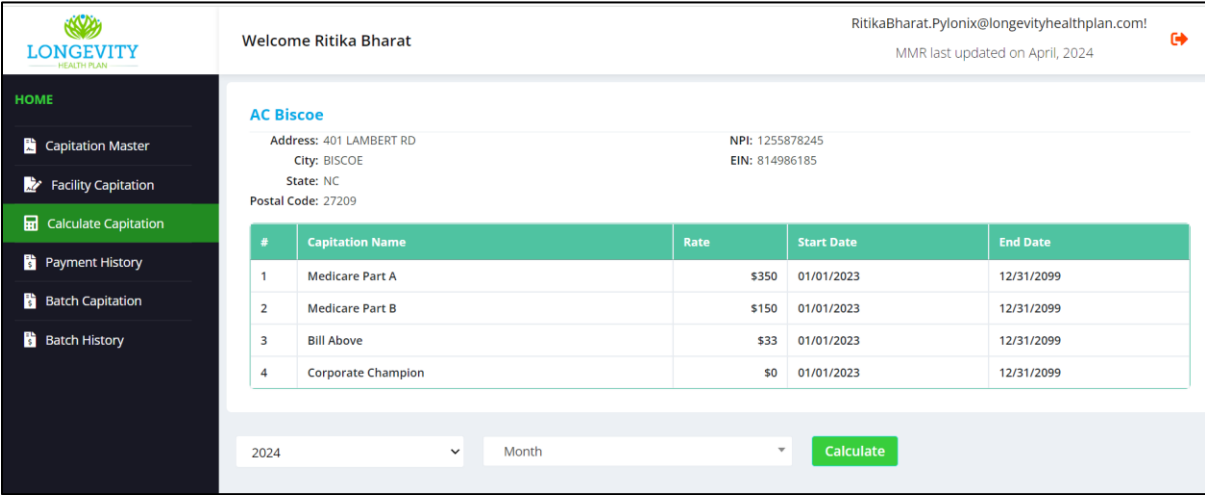

User must choose a facility and select the month/year to calculate the capitation. Calculation of Capitation of the selected month is possible only until the calculation of capitation until previous month of selected month is performed successfully.

1. Go to **Calculate Capitation**.
2. Select the desired **Facility/Provider** from the dropdown menu.
3. Click **Search**.

Figure 7. Calculate Capitation

4. Select the **Year** and **Month** from the dropdown menu.
5. Click **Calculate**.

Batch Capitation

Batch Capitation module allows the user to calculate capitation of all the facilities within a state at a time.

Calculate a Batch Capitation

A Batch Capitation requires selection of State, Month and Year to calculate the capitation.

1. Go to **Batch Capitation**.
2. Select desired **State** from the dropdown menu.
3. Select **Month** from the dropdown menu.
4. Select **Year** from the dropdown menu.
5. Click **Search**.

The screenshot shows the 'Batch Calculation' interface of the Longevity Health Plan system. The top navigation bar includes the Longevity Health Plan logo, a welcome message for 'Ritika Bharat', and the user's email 'RitikaBharat.Pylonix@longevityhealthplan.com!'. Below the navigation bar, a sidebar on the left lists menu items: HOME, Capitation Master, Facility Capitation, Calculate Capitation, Payment History, Batch Capitation (highlighted in green), and Batch History. The main content area is titled 'Batch Calculation' and contains three dropdown menus for 'State', 'Month', and 'Year', each with a red asterisk indicating a required field. The 'State' dropdown is open, showing a list of states including CO, FL, IL, and MI. A green 'Search' button is located to the right of the dropdowns. The bottom of the interface shows a light blue background.

Figure 19. Verify Patient Details

8. Select **Approve** checkbox.

Note: If **Approve** checkbox is not selected, user needs to approve individual facility using **Capitation Calculation** tab.

9. Click **Calculate**.

10. On the confirmation dialog, click **Calculate**.

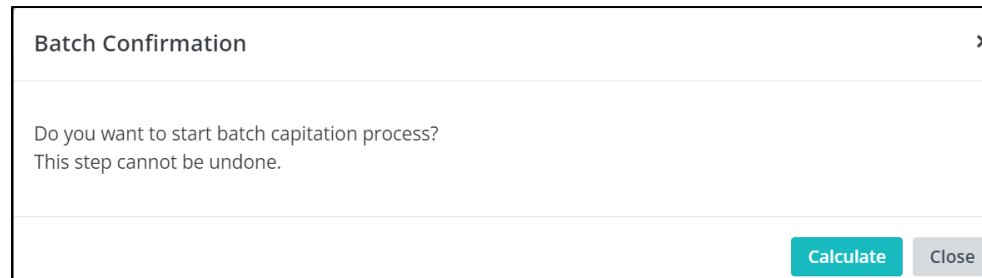

Figure 20. Confirm Batch Calculation

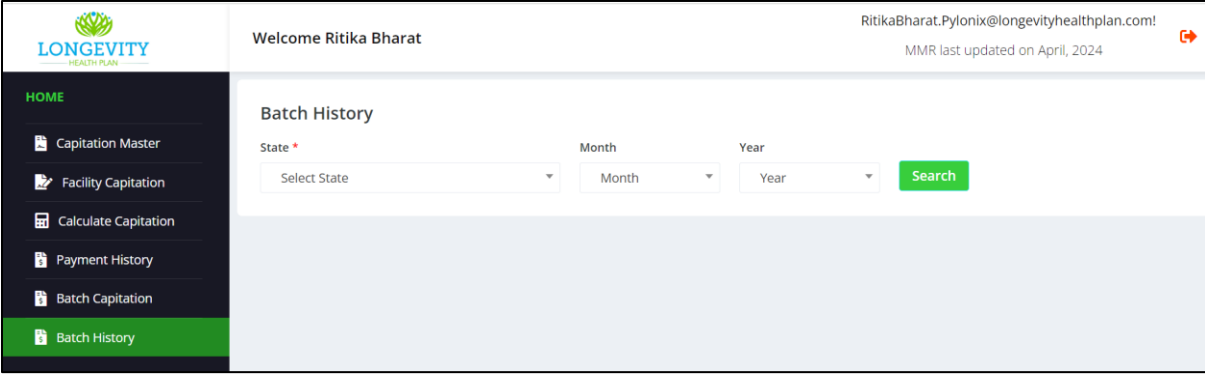

Batch History

Batch History module helps to check the batch calculation history, status of individual batches and to download invoices of individual facility or all facilities under a State.

View Batch Payment History

1. Go to **Batch History**.
2. Select desired **State** from the dropdown menu.
3. Select **Month** from the dropdown menu.
4. Select **Year** from the dropdown menu.
5. Click **Search**.

The screenshot displays the 'Batch History' module of the Longevity Health Plan system. The interface includes a dark sidebar on the left with a 'HOME' section and a list of menu items: 'Capitation Master', 'Facility Capitation', 'Calculate Capitation', 'Payment History', 'Batch Capitation', and 'Batch History' (which is highlighted in green). The main content area features a header with the Longevity Health Plan logo, a welcome message 'Welcome Ritika Bharat', and user information 'RitikaBharat.Pylonix@longevityhealthplan.com!' and 'MMR last updated on April, 2024'. Below the header, the 'Batch History' section contains three dropdown menus for 'State' (with a red asterisk), 'Month', and 'Year', each with a 'Select' option. A green 'Search' button is positioned to the right of these dropdowns. The area below the search filters is currently empty.

Figure 21. Batch History

Result: A list of all batch payments under the selected facility for the selected Month and Year will be displayed.
